MHLDA Member Benefits

The Mid-Hudson Lumber Dealers Association is organized to represent, unite, train, and lead independent lumber and building material dealers in the Mid-Hudson New York geographic region.

Education Offerings

Each member company receives a \$500 credit towards any educational program, including interactive virtual instruction, seminars, OSHA compliant classes, crane certification, and LMS (online learning management system). Call 518-286-1010 for more information. Education offerings may be viewed at www.nrla.org.

Keith W. Page Memorial Scholarship

Each year, the MHLDA awards up to two \$1,500 scholarships for post secondary education to member company employees or their dependents.

Keeping You Up to Date with News You Can Use

A weekly newsletter, an updated website, and LC Magazine, published five times per year.

Legislative Representation

MHLDA actively promotes and protects the interests of building material suppliers both in the state legislature and with state regulatory agencies. Through legislative and regulatory reform, MHLDA strives to create a more favorable business environment for its members.

NRLA is affiliated with ABMA, which advocates on federal issues specific to the building material industry.

The ABMA works diligently on behalf of our members to advance, shape, and influence policy across all branches of government. We collaborate directly with members of Congress, the White House, and federal agencies to impact the legislative and regulatory processes that affect the LBM industry.

Free On-Site Safety Training and OSHA Compliance Manual

Free on-site OSHA training (a \$1,200 value) is available to a limited number of NYS NRLA members. Employers can choose from a range of training topics, including forklift training, lockout/tagout procedures, material handling, and cargo securement, to name a few.

NRLA has heard your calls for OSHA compliance help and MHLDA is pleased to present to you an updated S.O.S. manual (Simple OSHA Solutions) for the Building Material Industry. S.O.S. is the only OSHA compliance manual made specifically for the building material industry. The manual is available online and is a \$295 value.
