

Women's Roundtable 2.0 Continuing the Momentum!

Here is what a few of our current members have to say:

"The Rising Stars Roundtable has honestly been such a gift. It's given me space to really reflect on who I am as a leader—what I do well and where I can grow. Being part of a group of strong, genuine, and supportive women has been so inspiring and motivating—I always leave feeling recharged and excited to keep getting better."

— Tara Watson, Britton Lumber Company, LLC,
Accounting & Sales Support

"I have been participating in 'The Women of LBM Roundtable' for the past 7 years. The relationships that were formed during these workshops will last a lifetime."

— Sara C Belletete, VP of Branch Development,
Belletetes of Jaffrey

"Being a member of this group has allowed me time to focus on bettering myself personally and professionally. Every meeting allows me time to refocus and tackle roadblocks in my career. I am always returning to work more engaged and ready to approach my work with a new level of clarity and creativity. This network of women and resources has 100% benefited my career and my company."

— Cindy McCarville,
Senior Account Manager, DMSi

Women of LBM Roundtables

In November 2022, we launched Women of LBM Roundtables 2.0 as two distinct groups, designed to better support the evolving needs of our members.

- **Next Gen Executives**—for those women who own or whose families own their business and who are on the journey to step into a top leadership role in the organization.
- **Rising Stars**—for powerful leaders and high potential professionals, who are seeking professional development to elevate their contributions to the business.

Benefits include:

- A confidential, supportive environment in which members can benefit from varying perspectives.
- An opportunity to work through issues and challenges with a peer group of women who genuinely care.
- Ongoing professional development, selected by group members based on their wants and needs.
- A whole lot of laughter and fun!

We meet in person two times annually, with check-ins in between. We elevate each other, hold each other accountable, and have the time of our lives doing it.
