Record Building Supply Inc.

S.W. Collins Company

Seacoast Hardwood Lumber
& Plywood

Sterns Lumber Company Inc.

Storer Lumber

Viking Inc.

Western Maine Supply Co., Inc.

Legislative

Our state advocacy is focused on protecting our independent LBM businesses' bottom line.

State Priorities – Maine (RLDAM)

- Opposing mandatory reporting of gender-based wage gaps that would impose new mandatory administrative burdens on employers.
- Fighting mandatory flexible scheduling requirements that would create mandatory staffing rules and limit an employer's ability to manage their workforce.
- Pushing back on proposals for steep increases in mandatory overtime thresholds, significantly raising payroll costs for small businesses.

At the national level, the American Building Materials Alliance (ABMA) advanced several major wins:

- Securing passage of the Big Beautiful Bill, a major federal tax package that includes LBM-specific benefits such as improvements to the estate tax and small-business expensing
- Rolling out a national housing policy proposal focused on reducing the hidden costs of government red tape, bringing more homes into the price range the average American family can afford

On the regulatory front, ABMA continues to expand its influence. Through a strong partnership with the U.S. Small Business Administration:

- Fixing CDL driver shortages by addressing expensive, one-size-fits-all training requirements.
- Reforming crane certification standards that don't reflect real-world LBM boom-truck operations
- Pushing back on OSHA's proposed heat rule—1,000+ pages of new red tape triggered anytime temperatures exceed 80°F

Education

A **\$750 per-company credit** to use towards any RLDAM or NRLA educational offering, such as:

- Advanced Blueprint Reading & Estimating
March 3 & 5 from 8-11 a.m.
- Introduction to Building Materials
May 5 & 7 from 8-11 a.m.
- Basic Beginner Blueprint Reading & Estimating
May 12, 14, 19, & 21 from 8-11 a.m.
- Intermediate Blueprint Reading & Estimating
June 2 & 4 from 8-11 a.m.
- Advanced Blueprint Reading & Estimating
June 16 & 18 from 8-11 a.m.
- Plus much more!
